**Re: Follow-up 104(e) Request - The Dial Corp.
Lower Darby Creek Area Superfund Site
Delaware and Philadelphia Counties, Pennsylvania**

Dear Mr. Littlefield:

The U.S. Environmental Protection Agency ("EPA") has received the response of The Dial Corporation ("Dial") to its December 20, 2001 Information Request. Based on that response and information obtained by EPA as part of its continuing investigation, EPA is seeking additional information concerning the waste disposal activities of Purex in Philadelphia between 1958 and 1976.

EPA has reviewed your previous information request response dated January 7, 2002 and has determined that additional information and clarification is needed in order to complete its investigation. EPA hereby requests that Dial respond completely and timely to the information requested in Enclosure F to this letter.

Pursuant to the authority of Section 104(e) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA"), 42 U.S.C. § 9604(e), Dial is required to furnish all information and documents in its possession, custody or control, or in the possession, custody or control of any of its employees or agents which concern, refer, or relate to hazardous substances as defined by Section 101(14) of CERCLA, 42 U.S.C. § 9601(14), pollutants and/or contaminants as defined by Section 101(33), 42 U.S.C. § 9601(33), which were transported to, stored, treated, or disposed of at the above referenced facility.

Section 104 of CERCLA, 42 U.S.C. § 9604, authorizes EPA to pursue penalties for failure to comply with that section or for failure to respond adequately to required submissions of information. In addition, providing false, fictitious, or fraudulent statements or representations may subject you to criminal penalties under 18 U.S.C. § 1001. The information you provide may be used by EPA in administrative, civil, or criminal proceedings.

You must respond in writing to this required submission of information within **thirty (30) calendar days** of your receipt of this letter. The response must be signed by an authorized official of Dial. If, for any reason, you do not provide all information responsive to this letter, in your answer to EPA you must: (1) describe specifically what was not provided, (2) supply to EPA a clear identification of the document(s) not provided, and (3) provide to EPA an appropriate reason why the document(s) was not provided.

All documents and information should be sent to:

Carlyn Winter Prisk (3HS11)
U.S. Environmental Protection Agency
1650 Arch Street
Philadelphia, PA 19103

This required submission of information is not subject to the approval requirements of the Paperwork Reduction Act of 1980, 44 U.S.C. Section 3501, et seq.

Business Confidentiality Claims

You are entitled to assert a claim of business confidentiality covering any part or all of the submitted information, in the manner described in 40 C.F.R. § 2.203(b). Information subject to a claim of business confidentiality will be made available to the public only in accordance with the procedures set forth in 40 C.F.R. Part 2, Subpart B. If a claim of business confidentiality is not asserted when the information is submitted to EPA, EPA may make this information available to the public without further notice to you.

Disclosure of Your Response to EPA Contractors and Grantees

EPA may contract with one or more independent contracting firms (see Enclosure B) to review the documentation, including documents which you claim are confidential business information ("CBI"), which you submit in response to this information request, depending on available agency resources. Additionally, EPA may provide access to this information to (an) individual(s) working under (a) cooperative agreement(s) under the Senior Environmental Employment Program (SEE Enrollees). The SEE program was authorized by the Environmental Programs Assistance Act of 1984 (Pub. L. 98-313). The contractor(s) and/or SEE Enrollee(s) will be filing, organizing, analyzing and/or summarizing the information for agency personnel. The contractors have signed a contract with EPA that contains a confidentiality clause with respect to CBI that they handle for EPA. The SEE Enrollee(s) is working under a cooperative agreement that contains a provision concerning the treatment and safeguarding of CBI. The individual SEE enrollee has also signed a confidentiality agreement regarding treatment of CBI. Pursuant to CERCLA, 42 U.S.C. § 9604(e)(7) and EPA's regulations at 40 C.F.R. § 2.310(h), EPA may share such CBI with EPA's authorized representatives which include contractors and cooperators under the Environmental Programs Assistance Act of 1984. (See 58 Fed.Reg. 7187 (1993)). If you have any objection to disclosure by EPA of documents which you claim are CBI to any or all of the entities listed in the attachment, you must notify EPA in writing at the time you submit such documents.

**RESPONSE BY
THE DIAL CORPORATION
TO 104(e) QUESTIONS BY EPA
LOWER DARBY CREEK AREA SUPERFUND SITE
PHILADELPHIA, PA**

Responses below correspond to the same numbered questions in Enclosure F of the federal EPA 104(e) letter of 12-20-01 sent to The Dial Corporation

1. The Dial Corporation (Dial) was incorporated August 15, 1996 in Delaware, same for b. and no parent for c.
2. Dial currently has no business in the Philadelphia area. In 1985 Dial acquired the stock of Purex Corporation, which then operated a detergent manufacturing facility in Bristol, PA, near Philadelphia. Dial subsequently closed that plant in 2000. Prior to 1985 Purex Corporation's Bristol, PA facility allegedly operated as a soap manufacturing plant but details are currently unavailable concerning pre-1985 operations of Purex Corporation at Bristol.
3. The most knowledgeable current employee in Dial that has the most knowledge about the Bristol operations is Mr. Jay Sampat, who is currently in out of the country on vacation until mid January 2002, and unavailable within the response time required for this reply. Mr. Sampat worked at the former Dial facility in Bristol until it closed and is currently the corporate safety and environmental manager for Dial. After Mr. Sampat returns to work, he will be asked to provide any further information to supplement this reply. Dial is unaware of any former employees who would have any information more helpful than that from Mr. Sampat. Mr. Sampat can be reached at: The Dial Corporation, 125 Jaycee Drive, West Hazleton, PA 18201, phone 570-455-9980, ext. 250.
4. The only operation Dial has any responsibility for, in the general Philadelphia area, is the above-mentioned Bristol facility. See answer 2, above. Dial currently has no information or documents concerning the wastes and their disposal from the former Bristol facility other than the most current years of operation, all post-1995. None of those records show any disposal to the Lower Darby Creek Superfund Site landfills.
5. None. Not applicable for b. c and d.
6. Unknown.
7. Unknown.
8. Unknown.
9. Unknown.
10. Unknown.
11. Unknown.
12. Unknown.
13. Unknown.
14. Unknown.
15. In the absence of Mr. Sampat, this response has been prepared by: Kenneth M. Ries, environmental consultant to Dial, 8707 E. Valley View Road, Scottsdale, AZ 85250, phone 480-946-0770. All future correspondence on this matter

should be directed to: Christopher J. Littlefield, Senior Vice President and General Counsel, The Dial Corporation, 15501 N. Dial Boulevard, Scottsdale, AZ 85260-1619, phone 480-754-5267.

16. Most of the information solicited by EPA is unavailable. Dial's record retention policy generally requires that unless records are specifically needed for either business reasons or for compliance reasons, they are routinely destroyed. Dial currently has no records or information for the relevant period 1958-1976 for its former Bristol operations, a period long before Dial acquired Purex Corporation including the Bristol facility in 1985. When the Bristol facility was closed in 2000 plant records were destroyed in accordance with Dial's normal record retention practices.

Attention: Herbert M. Baum - President, CHB, CEO

Re: Required Submission of Information
Lower Darby Creek Area Superfund Site - Clearview Landfill, Folcroft Landfill,
and Folcroft Landfill Annex

Dear Mr. Baum:

The U.S. Environmental Protection Agency ("EPA") is seeking information concerning the release, or threat of release, of hazardous substances, pollutants or contaminants into the environment at the Clearview Landfill ("Clearview"), Folcroft Landfill ("Folcroft"), and Folcroft Landfill Annex ("Folcroft Annex") portions of the Lower Darby Creek Area Superfund site, located in Delaware and Philadelphia Counties, Pennsylvania (hereinafter the "Site").

The Site is located in an industrialized portion of southeastern Delaware County and southwestern Philadelphia County, Pennsylvania, along an approximately two-mile stretch of Darby Creek, between Cobbs Creek to the north and the tidal marsh of John Heinz National Wildlife Refuge at Tinicum to the south (see Enclosure A). The Site also includes contaminated portions of areas along Darby Creek downstream as well as a portion of a 3500-acre tidal marsh.

EPA has reason to believe that wastes generated at locations owned or operated by Fels-Naptha, may have been transported to and disposed of at the Site, specifically at Clearview, Folcroft, and Folcroft Annex. Clearview is located on the east side of Darby Creek; Folcroft and Folcroft Annex are located on the west side of the creek.

Pursuant to the authority of Section 104(e) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA"), 42 U.S.C. Section 9604(e), EPA has the authority to require The Dial Corporation (hereinafter "you"), to furnish all information and documents in your possession, custody or control, or in the possession, custody or control of any of your employees or agents, which concern, refer, or relate to hazardous substances as defined by Section 101(14) of CERCLA, 42 U.S.C. Section 9601(14),

pollutants and/or contaminants as defined by Section 101(33) of CERCLA, 42 U.S.C. Section 9601(33), which were transported to, stored, treated, or disposed of at the above-referenced Site.

Section 104 of CERCLA authorizes EPA to pursue penalties for failure to comply with that section or for failure to respond adequately to required submissions of information. In addition, providing false, fictitious, or fraudulent statements or representations may subject you to criminal penalties under 18 U.S.C. Section 1001. The information you provide may be used by EPA in administrative, civil, or criminal proceedings.

You must respond in writing to this required submission of information within **fifteen (15) calendar days** of your receipt of this letter. For a corporation, the response must be signed by an appropriately authorized corporate official. For all other entities, the response must be signed by an authorized official of that entity.

If, for any reason, you do not provide all information responsive to this letter, then in your answer to EPA you must: (1) describe specifically what was not provided, and (2) provide to EPA an appropriate reason why the information was not provided.

All documents and information should be sent to:

Ms. Carlyn Winter Prisk (3HS11)
U.S. Environmental Protection Agency, Region III
1650 Arch Street

This required submission of information is not subject to the approval requirements of the Paperwork Reduction Act of 1980, 44 U.S.C. Section 3501 et seq.

If you have any questions concerning this matter, please contact Civil Investigator Carlyn Winter Prisk at (215) 814-2625, or have your attorney contact Brian Nishitani of EPA's Office of Regional Counsel at (215) 814-2675. Disclosure of Your Response to EPA Contractors and Grantees

EPA may contract with one or more independent contracting firms (See "Enclosure C") to review the documentation, including documents which you claim are confidential business information ("CBI"), which you submit in response to this information request, depending on available agency resources. Additionally, EPA may provide access to this information to (an) individual(s) working under (a) cooperative agreements(s) under the Senior Environmental Employee Program ("SEE Enrollees"). The SEE Program was authorized by the Environmental Programs Assistance Act of 1984 (Pub. L. 98-313). The contractor(s) and/or SEE Enrollee(s) will be filing, organizing, analyzing and/or summarizing the information for EPA personnel. The contractors have signed a contract with EPA that contains a confidentiality clause with respect to CBI that they handle for EPA. The SEE Enrollee(s) is working under a cooperative agreement that contains a provision concerning the treatment and safeguarding of CBI. The individual SEE Enrollee has also signed a confidentiality agreement regarding treatment of CBI. Pursuant to Section 104(e)(7) of CERCLA, 42 U.S.C. Section 9604(e)(7) and EPA's regulations at 40 C.F.R. Section 2.310(h), EPA may share such CBI with EPA's authorized representatives which include contractors and cooperators under the Environmental Programs Assistance Act of 1984. (See 58 Fed.Reg. 7187 (1993)). If you have any objection to disclosure by EPA of documents which you claim are CBI to any or all of the entities listed in Enclosure C, you must notify EPA in writing at the time you submit such documents.
